Section 3: Goals

Instruments

Instruments or methods that will be used to monitor the progress of the goals and determine if the goals are met are listed here for each goal.

Math Goal	74% of Greenfield students in grades 3 to 8 will achieve proficient or above score on the Smarter Balanced Math Assessment.
ELA Goal	72% of Greenfield students in grades 3 to 8 will achieve proficient or above score on the Smarter Balanced ELA Assessment.
Other Goal	The administration and curriculum departments will work collaboratively to support and monitor implementation of evidence-based interventions to identify the most effective interventions employed. Data collected and analysis will include social-emotional indicators and instructional time indicators including excessive absenteeism by both staff and students; the goal will be to reduce absenteeism and remove any barriers to learning to for families and ensure that families have the needed resources to support the needs of students disproportionately impacted by COVID-19 and other academic hurdles resulting in learning gaps.

Goals

For each goal find the following below:

- Identify what strategies/action steps will be used to support the achievement of the goals.
- Describe a realistic and achievable timeline to achieve the goals.
- Identify who is responsible to ensure the strategies/action steps are achieved. Click the box and provide the text response for each applicable box.

Math Goal	Continue to determine the level of proficiency of students using SBAC scores, STAR, classroom assessments, and other in-program assessments. Montana Needs Prevention Assessment (MPNAP) data will also be analyzed. After analyzing these assessments, the district will utilize targeted and strategic interventions and supports to improve student achievement. Classroom teachers will be provided with necessary PD to effectively utilize the interventions and supports. Administration will ensure support and interventions are being administered with fidelity by classroom walk-through observations, 1-1 teacher/administration meetings, and staff training. The goals will be re-evaluated on a quarterly basis aligning with in-house academic reporting (report cards) and a thorough evaluation of SBAC scores is reviewed each fall and spring of the current year. Assignments align to the curriculum map by grade level. Planbook will continue to be utilized.

<p>ELA Goal</p>	<p>Continue to determine the level of proficiency of students using SBAC scores, STAR scores, classroom assessments, and other in-program assessments. Montana Needs Prevention Assessment (MPNAP) data will also be analyzed. After analyzing these assessments, the district will utilize targeted and strategic interventions and supports to improve student achievement. Classroom teachers will be provided with necessary PD to effectively utilize the interventions and supports. Administration will ensure support and interventions are being administered with fidelity by classroom walk-through observations, individual teacher/admin meetings and staff training. The goals will be re-evaluated on a quarterly basis aligning with in-house academic reporting (report cards) and a thorough evaluation of SBAC scores is reviewed each fall and spring of the current year. Assignments align to curriculum to map by grade level. Planbook will continue to be utilized.</p>
<p>Other Goal</p>	<p>Monitor daily attendance lists for both staff and students and analyze data for specific student groups and populations. Work with the school counselor and community liaisons to reduce and or remove any barriers to learning or attending school. Review all data on a weekly basis to gauge trends and possible health occurring issues. Review CDC guidelines regularly and implement strategies to increase overall attendance rates.</p>
